No.	Description	Due date	Responsibility	%Complete
1	Learn Tester Courses	28-10-2023	Dung	50%
2	Learn Front-end courses			25%
3	Define general requirements for the projects.			50%

No.	Description	Due date	Responsibility	%Complete
1	Design overall database schemas	28-10-2023	Hoang	25%
2	Writing Software Development Plan			50%
3	Writing Vision Document			50%
4	Define general requirements for the projects.			50%

No.	Description	Due date	Responsibility	%Complete
1	Learn Blockchain Framework (Solidity)	28-10-2023	Minh	50%
2	Design overall API workflow			25%
3	Define general requirements for the projects.			50%

2. Issues and Impacts:

1. Cannot complete the tasks due to the lack of knowledge and understanding of the problem.

3. Next week's goals:

No.	Description	Due date	Responsibility
1	<ul style="list-style-type: none"> - Continue Frontend Courses - Continue Learning Design UI/UX Courses - Initially start designing overall Logo, tagline, icon - Complete PA1 	4-11-2023	Manh
2	<ul style="list-style-type: none"> - Continue Frontend Courses - Continue Tester Courses - Initially start setting up frontend navigation - Complete PA1 - Continue to define general requirements for the projects. 		Dung
3	- Plan sprint and assign tasks for members		Hoang

	<ul style="list-style-type: none"> - Write software development plan - Quality check vision document - Quality check API workflow - Continue designing database schemas <p>Complete PA1</p> <ul style="list-style-type: none"> - Continue to define general requirements for the projects. 		
4	<ul style="list-style-type: none"> - Initially start setting up NodeJS structure for backend - Quality check database schema - Continue designing overall API workflow - Complete PA1 - Continue to define general requirements for the projects. 		Minh

4. Summary, Performance, and Keeping track:

- Averagely, each member needs about 5 - 8 hours for a topic-learning task and to grasp all fundamentals.
- Tasks are committed before due time, and remaining tasks are predictably sufficient for the following week.
- Sprint process is properly on track, and there are no serious problems so far.
